

BIOMETRICS POLICY

Amended /Reviewed by: Senior Management Team, Governing Body Finance and Resources Sub-Committee

Date adopted by Governing Body: January 2022

Signed:

Headteacher

Chair of Governors

Next review date: January 2023

What is biometric data?

Biometric data means personal information about an individual's physical or behavioural characteristics that can be used to identify that person; this can include their fingerprints, facial shape, retina and iris patterns, and hand measurements.

Vale School does not operate any biometric systems.
